Hello

We would like to announce that the Little Ferry Devils and Ridgefield Park Scarlets will now be joined together as one football and cheerleading program the “**SCARLET DEVILS**”! Both Ridgefield Park and Little Ferry have worked very hard at making this a reality. This is a great opportunity for the children from both Ridgefield Park and Little Ferry since it will only strengthen the bond between the towns. As you may know Little Ferry attends Ridgefield Park High School and for the children to start playing together at such an early stage will be beneficial to them. This merge will make the transition for the children that do attend Ridgefield Park High School smoother not just as a football player or cheerleader but as a student as well. The **SCARLET DEVILS** will be a part of the Bi-County Junior Scholastic Football League (BCJSFL). This is the league that Little Ferry participated in last year. Please feel free to visit their website www.bcjsfl.com. By visiting the website this may answer some of the questions you might have.

We are also looking forward to the cheerleading program this year. Ridgefield park has long been a part of competition cheerleading and now that we are the **SCARLET DEVILS** we can now compete as one. We look forward to this new and exciting endeavor.
